		Total — Plan 5 — Premium	**$10,000**	**1,350,000 DZD**

08 Our suggestions for Résidence El Charika

Ideas from studying your catalogue, to help the website sell faster. All of them fit into the plans above.

01 **Live availability builds urgency**
Showing which units are already reserved or sold, floor by floor, pushes hesitant buyers to decide and saves the sales team from answering the same question all day.

02 **A light, trackable catalogue**
The current PDF catalogue is about 23 MB, heavy to send on WhatsApp. The website shows the same content instantly on any phone and tells you who looked at which unit.

03 **Every visitor becomes a lead**
Prices “on request” and the catalogue download ask for a name and phone number, so each interested person lands in your list instead of disappearing.

04 **Target the diaspora**
Algerians living abroad are a strong market for sea-view property. French + English pages, WhatsApp contact, video-call visits and online deposits make buying from abroad easy.

05 **Sell the commercial spaces separately**
1,213 m² of shops and mezzanine is a B2B product. A dedicated page for brands, franchises and investors reaches a different audience than apartment buyers.

06 **Put the hotel-style services first**
The 943 m² services floor (indoor pool, SPA, restaurant, prayer room) and the duplexes with private pools are what sets El Charika apart. They deserve their own pages, photos and video.

07 **Show construction progress**
For a sale on plan, regular photo and video updates build trust with buyers and reassure new prospects that the project is moving.

08 **Measure every advertising dinar**
Meta Pixel and Google Analytics from day one show which Facebook / Instagram ads bring real buyers, and allow retargeting of people who visited a unit page.

09 **Ready for the next projects**
Built on a scalable base, the same platform can host future MOSTALIFE residences, so the investment keeps paying off.

10 **Your own domain and email**
A domain such as mostalife.com or mostalife.dz (subject to availability) with professional email addresses strengthens trust with buyers and banks.

09 Marketing & extra services

Optional, can be added to any plan.

Service	Price	Service	Price
Extra language	$50 6,800 DZD	Ads management (ad budget not included)	$150 / month 20,300 DZD / month
